

Supplemental Information related to TSKguardgel, Cartridge

## INSTRUCTION MANUAL for TSKgel guardgel Protein C4

To help protect you and/or your property from potential damage and ensure personal safety, please read the "Precautions" which are printed in the beginning of the "TSKguardgel, Cartridge" INSTRUCTION MANUAL thoroughly before using the above TSKgel guardgel Protein C4 guard column.

For this TSKgel guardgel Protein C4 guard column, please read Precautions, section 1, and section 2 (Table 1) on this supplemental information sheet instead of the corresponding sections you find on the "TSKguardgel, Cartridge" INSTRUCTION MANUAL.

Precautions: Shipping Solvents

Waste Disposal	Disposal precautions	• Assure that appropriate countermeasures are taken when incinerating solvents that contain acetonitrile. Fumes produced during incineration may contain nitrogen oxides (TSKgel guardgel Protein C4).
----------------	----------------------	--

Precautions: Packing Material

- Flame-retardant packings (Modified silica gel)  
TSKgel guardgel Protein C4

## 1. Introduction

This TSKgel guardgel Protein C4 is a guard column to protect TSKgel Protein C4-300 analytical column.

In this supplemental information sheet, only those instructions different from the other guard columns are included. Please refer to the "TSKguardgel, Cartridge" INSTRUCTION MANUAL regarding instructions which are not mentioned in this document.

## 2. Guard Column Specifications

## 2-1 Guard Column

Table 1 Guard column specifications

Part No.	Type	Column Size mm(ID)×cm(L)	Shipping Solvent
0022834	TSKgel guardgel Protein C4	2.0×1	CH <sub>3</sub> CN
0022833	TSKgel guardgel Protein C4	3.2×1.5	CH <sub>3</sub> CN

Note: Three guard columns are packed in a box.

• How to distinguish the guard column (2.0 mm(ID))

The last five digits of the part No. (22834) is marked on this TSKgel guardgel Protein C4 (2.0 mm(ID)).
